

Sew Me Something - Design and Create a Capsule Wardrobe-  
**Produce a coherent and well presented portfolio of work to support your Capsule Wardrobe**  
 Project Brief

<b>Centre</b>	Sew Me Something	<b>Course</b>	Design and Create a Capsule Wardrobe
<b>Project</b>	Produce a coherent and well presented Portfolio of Work to support your capsule wardrobe	<b>Level</b>	2
<b>Units included</b>		<b>Unit code</b>	<b>Credit value</b>
10 Portfolio Building		JK1/2/NQ/009	1

For this project you will need to present all your hard work for this course in the form of a portfolio of work.

This is an opportunity to showcase all your hard work on this course and you will need to carefully consider how you wish to present your work.

Your portfolio can be a combination of both digital and physical work, the choice will be up to you and what you wish the portfolio to be used for.

You may chose to use this a vehicle to change career path or just as an opportunity to learn and improve your sewing skills. Either is perfectly valid but may require different outcomes.

Your portfolio should include:

- Research and development
- Design ideas
- Pattern Cutting Folder
- Sewing Techniques Folder
- Your 8 finished garments
- Your Sewing Journal

The way you present your work should show how you have progressed through the course and how you have improved.
